

BLS Squad Management Software Version 6

Now you ask . . . who is EMS Solutions & what can they do for my organization?

Answer: EMS Solutions, Inc. is just like you!, a company comprised of EMS providers of all levels, with many years of experience in both field care and administration. We fully understand your needs and frustrations in these days of regulations and paperwork. Here to help with our team of database specialists, who have designed documentation and record keeping programs for a variety of State and National EMS organizations.

We at EMS Solutions have developed a GRAPHICAL DATABASE approach to making your job of managing a BLS Volunteer or Paid Squad as simple as possible. A series of specific files/templates perform the following functions:

- MAIN MENU - BLS squad Type & Management Details.
- SECURITY - Customizable access to all sections of the software.
- CALL ENTRY - Statistical collection of run data and Q/A points.
- PERSONNEL - Complete tracking of all personnel attached to this squad and a complete history of all their certification education.
- VEHICLES & EQUIPMENT - Control of all vehicle and equipment status & maintenance with warning markers.
- FUND DRIVE & MEMORIALS - total control over the Fund Drive Process & management of Memorial donations.
- CEU APPLICATIONS & COURSES - Forms for NJ CEU Programs.
- LOSAP (NJ) - Management of data for tracking Pension Awards.

Annual reporting tools and other support files necessary for squad management.

EMS Solutions, Inc. maintains a website with additional information and downloadable demonstration files at:
